

NASA SELFIES

Want to take a selfie in space?

Awesome! Can I really?

Sure thing.

You will need to download the NASA app to a suitable device.

Find out more at

<https://www.nasa.gov/connect/apps.html>

You can take a picture of yourself, a family member or even a pet.

Cool! I would love to see my dog in space.

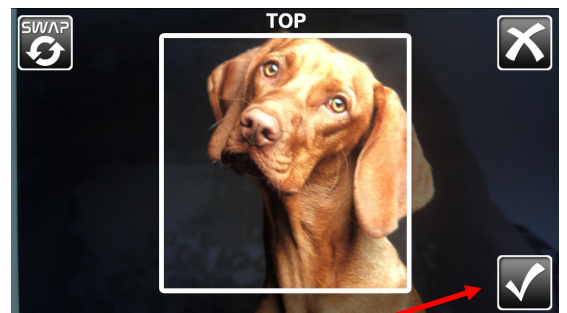

Ok. Here's a picture of your dog.

My dog is cool.

Sure is.

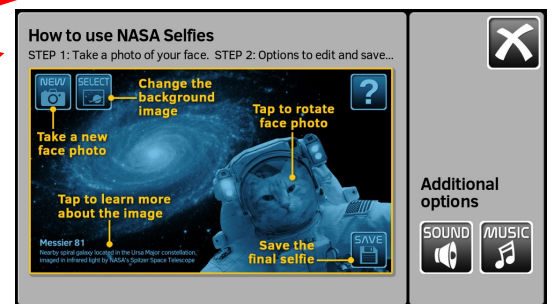

You can take selfies with the app.

My dog looks ready for space.

Then when you have the picture that you want, you press the tick.

Just follow the instructions in the app.

Your dog is now an astronaut in space.

My dog is a superstar!

Sure is.

I'm going to try this myself, then on my mum, my sister, my grandpa, my cat.....

Have fun! And don't forget to save your pic.
