## Plans

All plans must be accurately drawn with dimensions, contain a north point and drawn to an appropriate scale. If your plans are larger than A3, one hardcopy set is to be provided and one electronic set. Additional copies of the plans will need to be provided by you if requested or Council can have the plans copied at a charge per plan.

Please speak to a member of the Planning Department about your application if you are unsure about the appropriate requirement for plans.

## Advertising

Your application may be required to be advertised in accordance with the *Planning and Environment Act 1987*. If Council deems this process necessary, then additional charges will apply. Your application will not proceed until the advertising fee is paid.

Any information submitted with planning permit applications will be made available for public viewing, including electronically, and copies may be made for interested parties for the purpose of enabling consideration and review as part of a planning process under the Planning and Environment Act 1987. If you have any concerns, please contact Council's planning department.

## Combined applications

Applications for the use of the site, buildings and/or works, including signage, can be lodged in the one application. This can save time and money. If you would like to know how to combine different elements of your proposal into the one application please speak to a member of the Town Planning Department by calling 8734-5463.
