## Mayor's Message

It's awards season in Wyndham, the perfect opportunity for you to recognise a business or an individual who has done something outstanding in your community.

The Wyndham Community Awards recognise those volunteers who go above and beyond expectations. With so many sporting clubs, community groups and not for profit organisations in Wyndham, you're sure to know someone who deserves a nomination. More information about the Wyndham Community Awards can be found on page 7.

The Wyndham Business Awards showcase the municipality's finest businesses, both big and small. Head along to the workshop lunch in April to learn more about the awards, find out how to submit a great entry and to network with other local business people. Check out page 4 for more information about the awards.

I'm very excited to confirm that one of Wyndham's biggest recreation facilities, Eagle Stadium, is on track to be finished this May. The final stage of the redevelopment includes a state of the art gym and an elite-level showcourt. The final additions to this amazing facility are a real asset to Wyndham and I am sure you will enjoy checking it out.

Many of you will have heard about the Victoria State Government's decision to impose a cap on Council's rate increases. We have included some information about the proposed rate cap and how this decision, and Council's response, may impact you.

Wyndham City Mayor, Cr Adele Hegedich.

## Rate Capping - What does it mean for you?

In 2015, the State Government introduced legislation that will cap rates in line with the Consumer Price Index. Councils can apply for a variation to the rate cap if they can demonstrate a need.

The impact for Wyndham City is significant as the Strategic Resource Plan is based on a projected rate increase of 5.5% for the next four years. The impact is estimated to be \$5 million in Year 1 and this is likely to compound to \$57 million within four years.

Given the growth pressures that face Wyndham, the challenge cannot be underestimated. Council is now working through how cost savings can be made while balancing services and projects that are important to the community.

Community views are critical to making any future decisions and whether Council decides to apply for a rate cap variation. That's why Council undertook Community Panel Workshops during November and December last year. Residents were invited to participate via an Expression of Interest process. Panels were then established for each ward where 90 Panel Members participated in a series of three intensive workshops.

While each of the Panels made independent recommendations to Council, there were some key themes that emerged across each of the Ward Panels.

- Council to look for efficiencies and alternate sources of revenue
- Any increase to fees or charges needs to consider equity and affordability for users
- Council must continue to advocate strongly for a fairer deal from State and Federal Governments
- Council should not make ill-informed cuts to services
- Community views are critical to making any future decisions and the Panels supported further community engagement activities.

At the time this publication was going to print, Wyndham Council was expected to be making a decision as to whether or not it would apply for a rate cap variation in mid - late March 2016. For further updates, visit:

 [www.wyndham.vic.gov.au](http://www.wyndham.vic.gov.au)

## CUSTOMER SERVICE is now closer to you!

Wyndham City's commitment to enhancing the way it engages with the community has improved further with the introduction of customer service counters at the Point Cook and Tarneit Community Learning Centres.

This follows the successful launch of customer service at the Wyndham Vale Community Learning Centre in 2015. Wyndham's residents can speak to Council staff about their enquiries, pay their rates, register pets, apply for a kinder spot and much more, at a more convenient location to them.

The new customer service points are part of a broader plan to make Council more accessible to residents. Other initiatives include regular weekend 'Listening Posts' and a revamp of Council's e-services including online payments and live chat facilities.

We look forward to residents tapping into our additional customer service points and to hearing what works well, and how we can continue to improve the delivery of relevant services.

# EAGLE SOARS TO NEW HEIGHTS

Wyndham City is excited to announce the completion of Eagle Stadium. With the final stage due to open to the public on Tuesday 14 June, 2016 Eagle Stadium will be the largest indoor recreation facility in Melbourne's West.

The redevelopment was undertaken in two stages. Stage 1, completed in May 2015, delivered 8 new indoor multi sports courts and 4 outdoor netball courts as well as improved car parking, a café area and crèche facilities.

The final stage is set to be fantastic for the community and sports groups who use Eagle Stadium with features including:

- The redevelopment of the basketball stadium with 4 multi-sport indoor courts
- Fully equipped gym with state of the art equipment
- Additional seating in the showcourt with total capacity 1,500 seats
- 460 additional car parks
- Environmentally sustainable design and construction.

The \$47 million redevelopment project was funded by Wyndham City together with \$650,000 from State Government and \$9 million from the Federal Government. This funding was secured with strong support through the community campaign 'Fix the Rec' launched in February 2013.

## PLAYGROUND AHOY!

Works will start on the new playground at Point Cook's Bayview Park in coming months after Wyndham residents gave the design their seal of approval.

Wyndham City received feedback from over 300 people through an online survey and two display days' held at Bayview Park. The response was positive with both residents and visitors pleased with the updated design.

The approved design is very similar to the original pirate ship playground, which was destroyed by arson in late 2014. Some adjustments have been made to ensure community safety at the site including the use of wood look-alike product and increased visibility.

Wyndham City is currently looking into establishing a 'Friends of Bayview Park' group to assist with looking after the playground, a suggestion strongly supported by the community.

Construction is expected to be complete later in the year.

## Fed up with illegal dumping?

Wyndham City is tackling illegal dumping and we need your help. Dumping is Damaging - together we can make a difference to keep Wyndham litter free.

Illegal dumping is not only an eyesore, it is also costly and damaging to the environment with the potential to harm wildlife and contaminate land and waterways. Wyndham City spends over \$2 million on removing litter each year.

It is also costly to people who dump - people found guilty of illegal dumping can be fined up to \$4000.

See someone litter?  
Here are a few simple steps to follow:  
Record details of the incident – what was littered, when, where and vehicle registration (photos help) and report the incident.

## conversations about...

We are pleased to invite members of the community to a series of conversations about the arts industry. If you have an interest in the arts, would like to connect with other artists or have some ideas about how to support the development of your industry in Wyndham, we want to talk to you.

Each conversation will be focused on a specific aspect of the arts industry with conversations about film then publishing and writing scheduled for April and May. Further conversations about theatre, music and traditional/contemporary art are planned for later in the year.

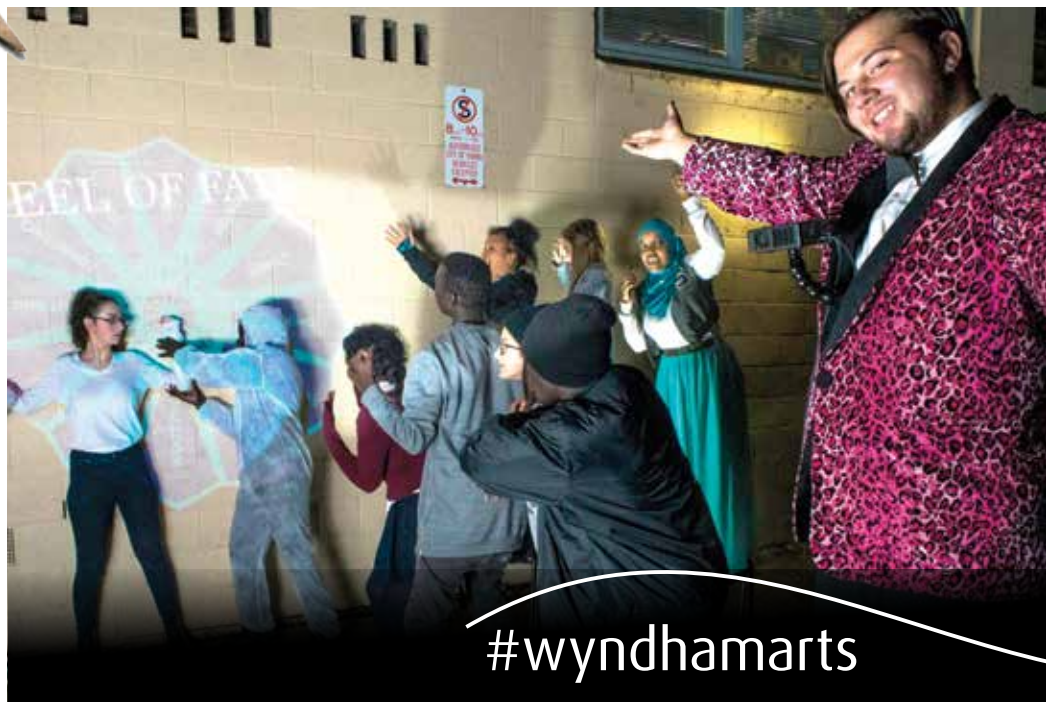

## uprising theatre...

Wyndham City is partnering with Uprising Theatre to bring an exciting project to the heart of Werribee.

Wheel of Fate is a unique street theatre production that examines questions of identity and how identity impacts our fate. The audience travels with performers through the streets as the stories unfold in urban spaces illuminated by small scale projection, music and spoken word.

The Uprising Theatre ensemble led by director Dave Nguyen will work with local young people to add a new "chapter" to the performance with opportunities to learn how to develop, direct and present new theatre works.

The Werribee City Centre performance will be developed in April and May with a final presentation in June.

## WYNDHAM ART GALLERY

### WYNDHAM ART PRIZE 2016 PEOPLE'S CHOICE AWARD

The Wyndham Art Prize is now showing at Wyndham Art Gallery until Sunday 1 May. This \$10,000 non-acquisitive prize attracts a field of some of Australia's most exciting contemporary artists.

You can have your say by visiting the gallery and voting in the \$2,000 People's Choice Award.

### LOCAL BY SUE ANDERSON AND AUBREY COMBEN

Wyndham Art Gallery is pleased to present works by Sue Anderson, a recognised local artist who has been painting the encroachment of the suburbs into the farming landscape that originally surrounded her home in Point Cook, for over 30 years. Aubrey Comben, Sue's son is an emerging artist himself with early success as a photographer having shown his work in New York.

In Sue's paintings you will see the natural environment corralled into smaller and smaller spaces. Using a lyrical approach to represent human and natural habitat, she creates a beautiful sense of lost eras and the nostalgia of wide open spaces. Aubrey captures the human element with striking black and white images showing simple acts made beautiful by their representation.

## Station Place Lights Up

Wyndham City has joined forces with the Department of Justice and Regulation to deliver a lighting upgrade and artwork installation at Werribee's Station Place.

Officially launched in February by Member for Werribee, The Hon. Tim Pallas MP and Wyndham City's Mayor Cr Adele Hegedich, the project is responsible for the upgrade of lighting in Station Place and both adjoining laneways (West - Barnes Place and East - Comben Drive). The new lighting features low energy consumption LEDs and is in line with Council's commitment to reducing our carbon footprint. The lights were designed to increase public safety by improving visibility and attracting greater use of the spaces. Further to this, the laneway lights change colour and can be sequenced for events.

In addition to the improved lighting, the project included the installation of street art along each of the laneways. The transformation of the laneways into public art galleries grew out of Council's annual RED program. The laneway artwork was developed by local artists with Blender Studios and includes representation of patterns of cultural significance to Wyndham's diverse communities. The laneways will feature an annual rolling program of artwork with artists returning to rework the various pieces.

If you would like to know more about this project or are interested in holding an event in the Werribee City Centre, contact Sofia Anapliotis Place Officer at Wyndham City.
