## Mayor's Message

It's an exciting time to be a Werribee local or business owner, with Wyndham City planning a transformation of the Werribee City Centre.

You may have noticed some projects already taking shape, like the new Cherry St car park, improved lighting in station place and additional hubs to lock up bicycles. The redevelopment of Chirnside Park has also been included in Council's latest Budget.

These are just the first steps in a series of major changes for Wyndham's Principal Activity Centre. As our municipality continues to grow and we plan towards 2040, the Werribee City Centre will embrace the Werribee River and be home to community hubs, more shopping options, offices and increased parking spaces.

The Werribee Park Tourism Precinct Economic Contribution Study found that attractions like the Werribee Park and Mansion, the Werribee Open Range Zoo and the Werribee Park National Equestrian Centre had more than 1.1 million visitors and contributed \$224 million to Victoria's economy every year. You can read more about this on page 8.

This study, which was developed in collaboration with Wyndham City, shows that we have lots to be proud of here in Wyndham. I encourage everyone to get out and enjoy everything our municipality has to offer.

Wyndham City Mayor, Cr Adele Hegedich

# 2016/2017 BUDGET

Adopted

## Wyndham City Budget Delivers \$100 Million in Capital Works

Wyndham City's Integrated Plan and Budget for the 2016/17 financial year has been adopted following consultation with residents.

The Budget includes \$100 million worth of important capital works, while still meeting the State Government's 2.5 per cent rate cap.

While Wyndham's overall rates have been capped at 2.5 per cent, with properties required to be re-valued this year, rates for some property owners may increase beyond that amount.

An increase in valuations does not mean that Council will generate more rates overall. Given that the amount needed from rates is spread across Wyndham, it results in some property owners paying more and others paying less.

By law, individual property values must be reviewed every two years based on market movements and recent sales trends.

During a property revaluation year, the rates paid by residents depend on their new property valuation as it compares to other properties in Wyndham.

Some submissions to the Budget made by Wyndham residents have also been accepted.

The adopted submissions will see a new pedestrian crossing built and a footpath reconstructed in Werribee South. Both of these changes will help improve safety for residents in Werribee South.

 [www.wyndham.vic.gov.au](http://www.wyndham.vic.gov.au)

The Budget includes funding for the following projects;

\$24.8 million for local roads including;

- \$4 million for the duplication of Dohertys Rd between Fitzgerald Rd and Foundation Rd
- \$3.5 million for the duplication of Tarneit Rd between Hogans Rd and the Good News Lutheran School

\$7.8 million for the reconstruction of existing roads throughout Wyndham, including;

- Tarneit Rd between Heaths Rd and Hogans Rd
- The Princes Hwy service road between Old Geelong Rd and David Crt
- Bulban Rd between Ballan Rd and McGrath Rd

Funding for sports and recreational facilities across Wyndham, including;

- \$6.5 million for the Chirnside Park redevelopment
- \$2.9 million for the Mainview Blvd Reserve pavilion and car park
- \$1.6 million for the Hummingbird Blvd pavilion and car park (pictured)
- \$6.4 million on parks, open space and streetscapes

## Customer First Wyndham introduces new structure

Wyndham City's CEO, Kelly Grigsby, has restructured the Council organisation to improve customer service and modernise the structure to meet community expectations in the best possible way as we grow.

The first phase of the changes, which aim to make Council less bureaucratic, more outward looking and customer friendly, were officially implemented at the start of this financial year.

Four existing Council directorates have been modernised to help lead Wyndham into the future. These directorates will cover all of the services that Council currently provides the community while transforming it into a more contemporary organisation.

Transport planning, as well as revitalising existing rural and urban town centres, while at the same time planning for the delivery of new centres have all been prioritised in the new structure. We recognise that these are key issues affecting our existing residents and the future development of the City.

Further restructuring will now occur at more operational levels of Wyndham City to ensure that Council is doing more with less while being prepared for the future.

# COUNCIL ELECTIONS

On Saturday 22 October, 2016 Wyndham City's Council elections will be held. This is residents' chance to help choose the people that will represent their municipality for the next four years.

It is compulsory for all Wyndham residents between the ages of 18 and 70 to vote in the Council election. If you do not vote you could face a fine of \$77.50.

In Wyndham, like other municipalities in Victoria the election is conducted by postal vote.

Early next month, residents will receive a ballot pack from the Victorian Electoral Commission (VEC).

The pack will include a ballot paper, reply paid envelope, instructions on how to vote in multiple languages and information about the candidates. It is recommended that you complete and post your ballot paper as soon as possible.

If you do not receive a ballot pack by the middle of October you should contact the VEC on 131 832 or visit [www.vec.vic.gov.au](http://www.vec.vic.gov.au)

### Frequently asked questions. . .

- Who decides who will be the Mayor?**  
Wyndham residents elect the Councillors that will serve them for the next four years and these 11 Councillors will decide which one of them will act as Mayor.
- What if my postal vote does not make it in time?**  
All postal votes must be post-marked by Friday 21 October at the latest. The VEC will accept postal votes that are received within five working days following the close of voting.
- How many Councillors are there in my Ward?**  
There are three Councillors in the Iramoo Wards and four Councillors each in the Harrison and Chaffey Wards.
- How are the Councillors decided?**  
Council elections use the preferential voting system. If your preferred candidate is not able to achieve the margin required to be elected, then your vote will be counted for your next preferred candidate.

## Werribee City Centre Set to be Transformed

Wyndham City is working on an exciting transformation of the Werribee City Centre, helping it to grow as the Capital of Melbourne's New West.

Council recently purchased two iconic sites in the City Centre - the land currently occupied by Toyota on the corner of Watton and Synnot Streets and the Bridge Hotel site in Watton St - to help achieve its long-term vision.

The plan is to build a car park on the Toyota site and at the rear of the Bridge Hotel so Council can meet short-term car parking requirements while planning for the future.

Plenty of other projects are underway in the Werribee CBD, including the recently completed lighting project in Station Place, additional places to lock up bicycles and the establishment of Cherry Street car park.

FREE WiFi is now available for all to enjoy in Kelly Park as a way to encourage more use of Wyndham's open spaces. There are no download limits, so it makes it easy for people to get the most out of WiFi while they are in the area.

Council also plans to capitalise on Wyndham Park by transforming it into an inviting parkland that will be an ideal space for hosting public events.

The growth of the City Centre is important for the future of Wyndham. As the population of Melbourne's New West grows, the City Centre needs to grow with it to provide opportunities for local employment and services.

The Werribee City Centre of the future will be an inviting, interesting and memorable space in which to live, work, shop, visit or relax.

## Tourism Reaping Rewards in Wyndham

Wyndham's top tourist attractions contribute more than \$224 million towards Victoria's economy every year.

An Economic Contribution Study of the Werribee Park Tourism Precinct by EY (formerly Ernst & Young) found more than 1.1 million people visit the area every year. Commissioned by the Werribee Park Precinct Partners in collaboration with Wyndham City, the study found that by drawing in visitors, attractions like the Werribee Park and Mansion contribute more than \$116 million to Wyndham's economy.

The precinct has experienced an annual growth in visitors of 10 per cent over the last decade - a rate which is expected to continue.

Wyndham City recently developed a guide to bird watching in Wyndham to cater for one of the most popular drawcards for visitors in Wyndham.

The Western Treatment Plant attracts 7,000 visitors every year, with the area considered second only to Kakadu for birdwatchers.

Free copies of the brochure can be collected at the Werribee Visitor Information Centre at the Werribee Park Precinct, K Road, Werribee South.

NEW TREES FOR WYNDHAM  
31 JULY, 2016

Over 100 volunteers got out their green thumb at this year's National Tree planting day. This year's effort is part of Wyndham City's broader commitment to plant 30,000 trees as part of the Greening the West initiative.

Wyndham City is part of an ambitious plan to plant one million trees in Melbourne's West.

The first major phase of the Greening the West initiative will see at least 20,000 trees planted in Wyndham this spring.

Community groups, schools and organisations are being invited to take part in the project to help Council reach its goals.

More than 20 other Councils, government agencies, community organisations and even the Western Bulldogs Football Club are on board and ready to see Wyndham and the rest of the West go green.

More trees and green space in Wyndham will provide habitats for wildlife, improve the quality of air we breathe and reduce temperatures by up to eight per cent.

By Greening the West we can help to provide a more liveable and healthy community for future generations.
