# MAYOR'S MESSAGE

The last couple of months have been an interesting time for all of us who live in Wyndham. From the moment we read about plans for a Youth Justice Centre in Werribee South we have come together to demand a better solution.

I have been very impressed with the community spirit that I witnessed during this time. As one of the people who spoke at the community rally in Station Place, Werribee, where 5,000 people showed up to make their voices heard, I could not be more proud to call Wyndham my home.

As you will now know, our efforts were ultimately successful in moving the facility from Werribee South and together we managed to get the State Government to move its new Youth Justice Centre to a more appropriate location on the outskirts of the City.

I understand that many residents are still concerned that this facility is being built in our municipality and I understand this frustration. Ultimately we were all in a situation where the decision making was out of our control and we needed to make the best of a less than ideal situation.

The new site is remote, roughly six kilometres away from housing estates and the facility will now be nowhere near as visible as it would have been if it was built in Werribee South. We should be proud that the State Government took our concerns seriously, when they ultimately made the decision about where Youth Detention Centre would be located.

I look forward to working with all of you again soon and you can be sure Council will continue to advocate for you in the future.

Wyndham City Mayor, Cr Henry Barlow

# Youth Justice Centre

## NEW LOCATION

### FAQ'S

Recently the State Government announced that it would be changing the location of its new Youth Justice Centre from Werribee South to a more appropriate location on the outskirts of Werribee.

This followed intensive campaigning by the community and Council, who urged the State Government to move the facility from Werribee South.

The new location is near the Werribee RDF (Municipal Tip) and quarry. It is also further away from all current and future residential estates and housing.

While the location of the Youth Justice Centre was a State Government decision, we have put together the below frequently asked questions which you may find useful.

**Q. Why is this facility being built in Wyndham?**

**A.** The State Government is responsible for law enforcement, including the construction of facilities like the Youth Justice Centre. Ultimately, the location of this centre was a State Government decision and they made it clear that, from their view, Wyndham was the only acceptable location.

**Q. Why can't the Youth Justice Centre be built next to existing prisons like Port Phillip or Barwon Prison?**

**A.** Council suggested these locations to the State Government but was advised that there was not enough vacant land available on the Port Phillip or Barwon Prison Sites, making them unsuitable. We also proposed a location near the Ravenhall Tip, but were advised that a drainage issue made the site inappropriate for a development of this scale.

**Q. Where exactly is the Youth Justice Centre going and how far away from estates like RiverWalk, Westleigh or Kingsley will it be?**

**A.** The Youth Justice Centre is being built at Cherry Creek, on the outskirts of Werribee. If you are travelling from Werribee to Geelong, it is on the other side of the Werribee Refuse Disposal Facility (Municipal Tip) and Quarry. If you live in the Riverwalk, Westleigh, Kingsley or Farmers Rd estates, the Youth Justice Centre will be at least six kilometres away from the very edge of your estate. The previous location in Werribee South would have been closer to these estates than the new location.

**Q. Why is this new location better than the old one in Werribee South?**

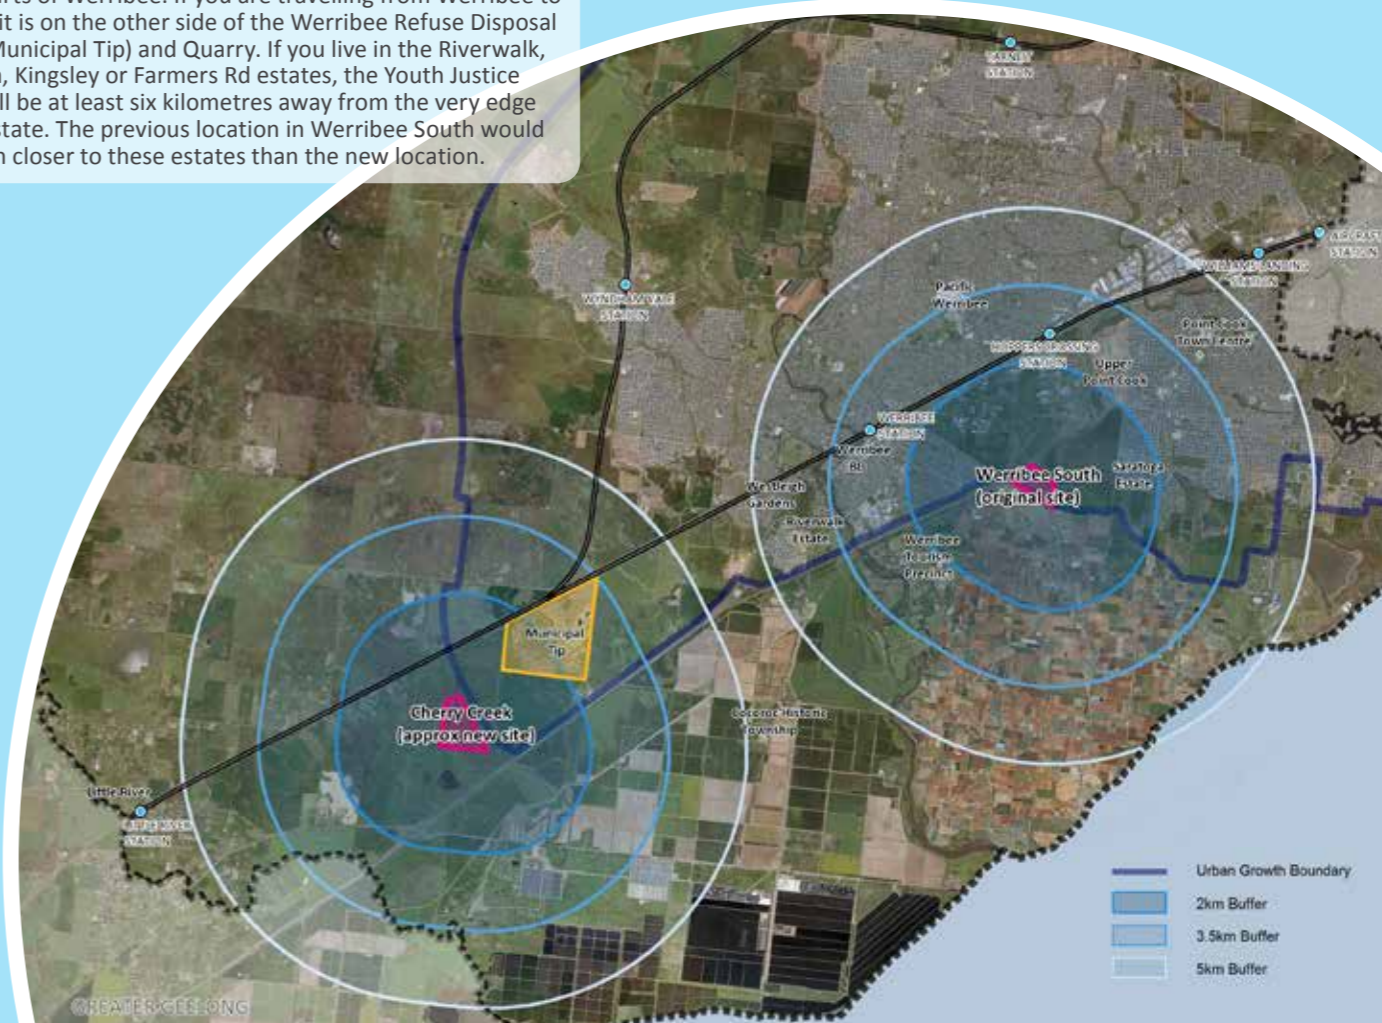

**A.** The new location is six kilometres outside of the Urban Growth Boundary, meaning it will be further away from any residential houses than the previous site in Werribee South.

If the Youth Justice Centre was built in Werribee South, not only would it have neighboured market gardens, it would have been just 250 metres away from future housing estates and close to Wyndham's tourism precinct, which attracts more than 1 million people every year.

The new location will include significant tree planting to screen the facility from neighbouring areas and the establishment of a conservation reserve will also create a further buffer around it.

**Q. Where can I find out more information?**

**A.** You can find out more information by calling the office of local Member for Werribee, Tim Pallas, on 9741 1133.

# Wyndham City Draft Budget and City Plan

Wyndham City is currently developing its Draft Budget for the 2017/18 financial year and City Plan for the next four years, with residents invited to have their say.

Both the Draft Budget and the City Plan will be presented to the Ordinary Council Meeting on Tuesday, 2 May, 2017, before being open for public consultation. On 13 June residents will have the chance to make submissions on the Integrated City Plan and Budget at a Special Council Meeting.

The Draft Budget will include the capital works that Council intends to undertake over the next financial year, including upgrades to local roads and the construction and maintenance of sporting facilities. The City Plan details how Council plans to secure its vision for the future of Wyndham.

At a Council Meeting on Tuesday, 7 February, 2017, Wyndham City's Councillors voted to not apply for a variation to the State Government's rate cap, which means residential rate rises will be limited to two per cent. With a rapidly growing population, this means that we have had to work out ways to do more with less, and the upcoming draft Budget will reflect this.

For more information on the Draft Budget and City Plan, and to find out how you can have your say on both of these important documents, head to the Wyndham City website.

Wyndham City wants to ensure that our residents of all ages have enough fun and safe places to play now and into the future.

An Issues and Opportunities Paper is open for community feedback until Sunday, 30 April, 2017 and will be used to draft the Play Space Strategy.

## Councillor portfolios a focussed approach

In the last edition of Wyndham News we gave you an insight into two of Wyndham City's Councillor Portfolios. Each of Wyndham's 11 Councillors are responsible for a unique portfolio, and in this edition we will introduce you to two more.

Iramoo Ward Councillor Mia Shaw and Chaffey Ward Councillor Walter Villagonzalo lead portfolios that focus on very different issues, but in the below article they share how they have a similar approach to making Wyndham a better place.

### Cr Walter Villagonzalo: Future Focused Economy

The Future Focused Economy Portfolio is responsible for employment, industry attraction and business development.

Cr Villagonzalo said he was excited to make a difference through his Portfolio, which he said would allow Council to take advantage of opportunities to improve Wyndham's economy.

"It is not enough for Council to just wait for Wyndham's economy to evolve and take its own course. Through the Future Focused Economy Portfolio, Council needs to identify opportunities and develop a strategy to exploit our strengths," Cr Villagonzalo said.

"The Portfolio opens up opportunities to be innovative, to think outside the square, to work with visionary and talented members of our community to plan for what Wyndham can become. That is what excites me."

"Wyndham needs a strong and vibrant economy which is attractive to investors and businesses, maximising local jobs availability for our growing population."

### Cr Mia Shaw: Family Friendly City

The Family Friendly City portfolio is responsible for supporting community health, wellbeing active participation and volunteering in Wyndham.

Cr Shaw said her portfolio covered a broad range of issues and would help to foster liveability in Wyndham.

"For me it's really about liveability, supporting the health and wellbeing of families and community connections to ensure our city is and remains family friendly for all residents, including the role businesses can play in supporting this."

"It is a broad Portfolio with plenty of opportunities to make a difference and an impact if we focus on the right initiatives, but more importantly we have some very passionate Wyndham residents joining this committee with great ideas. I am very much looking forward to working with them all."

Cr Shaw said her portfolio would look at ways to bring communities and families together to look at ways to address issues that impact families.

"I'm a long-term resident and came back to Werribee with my young son as I have always felt this is a great place to raise a family. I know many newer residents have come here for similar reasons. We need to ensure we maintain a family-friendly focus across our municipality especially with the amount of growth we are experiencing."

### RESOURCES FOR CHILDREN AND FAMILY

Wyndham City has a lot of great programs on offer through its Children and Family Resource Unit to support the emotional, mental, physical health and wellbeing of residents.

One of these programs is the pram walking groups, which helps young parents meet new people and get some exercise in at the same time.

The groups meet weekly for two hours and are led by a Children's and Family Resource Officer. Walking can boost your energy levels and make you feel happier and healthier.

The pram walking groups are hosted by the Featherbrook and Penrose Community Centres. There are also groups operating from the Connect City Church in Hoppers Crossing and the Wyndham Vale Library.

There are also pop up parenting groups, shopping centre play groups and first time parent groups on offer, so why not give something new a go?

### A spoonful (less) of sugar

Wyndham City has teamed up with Vic Health to encourage residents to sign up for the H30 Challenge and swap sugary drinks with water for 30 days.

Wyndham City is one of 18 Councils to have joined the challenge, which could make a big difference to the health of Wyndham residents.

A regular bottle of soft drink contains about 16 teaspoons of sugar and there are about 11 teaspoons in a sports drink.

The H30 Challenge also encourages people to cut out energy drinks, fruit drinks, ready-to-drink iced tea, flavoured water and cordial.

Sign up to the challenge and see how much better you feel after 30 days.

Edna Sanchez

### LOCAL RECYCLING CHAMPION

Hoppers Crossing resident Edna Sanchez has more than a few good tips on how to make your household more environmentally friendly.

Ms Sanchez has brought many of the good habits she learned in her native Mexico to her new home and said she enjoys discovering new ways to reduce her family's impact on the environment.

Recently she picked up a free Kitchen Caddy from Wyndham City, which allows residents to place food scraps in their green waste bin so they can be made into compost.

"In Mexico we usually separate the food scraps from other rubbish, so I have had that habit since I arrived here, but I didn't have a convenient way to do it," Ms Sanchez said.

"I got a Kitchen Caddy when I was at the State Rose and Garden Show. Since then I've realised that my rubbish bin has not been as full, which is really good."

Most food scraps, and even used paper towels, can be placed in the Kitchen Caddy, with the exception of meat and dairy. These scraps are then turned into compost and used for planting trees.

Recycling your food scraps is a big win for the environment because it avoids them being sent to landfill where they produce methane gas, which is 23 times worse than CO2.

"For me we should treat the planet like our own backyard. We wouldn't want to have all this rubbish in our backyard, so we should try to whatever we can to produce less of it," she said.

If you already have a green bin you can pick up your own Kitchen Caddy from the Wyndham Civic Centre or Point Cook and Tarneit Community Learning Centres.

The Werribee RSL will be commemorating Anzac Day this year with two significant occasions. Please note that road closures will be in place on both dates surrounding Watton Street.
