

We're building a better Point Cook Community Learning Centre

During construction two temporary entrances will be in place from 17 July 2017. Services will continue throughout the works.

The upgrades will deliver:

- The ability to provide a larger range of Council services locally
- More space for community learning including rooms for meetings, programs, study and activities
- A more comfortable experience, with better separation of 'noisy' and 'quiet' activity zones
- An expansion of the Library, with an additional 230 square metres including a new silent study space, two group study rooms and a large activity zone
- Better outdoor spaces that connect to the nearby wetlands
