Wyndham Building Permits

'Wyncare Building Services' is being transformed into 'Wyndham Building Permits', with a new look to ensure clients can immediately identify the department as being a Wyndham City service.

The new 'Wyndham Building Permits', brand will provide the department with an opportunity to relaunch itself to existing clients, while marketing itself to new ones.

In the building industry, rapid response times, competitive rates and solutions to problems influence the success of any building project. We can help you deliver the job on time, within budget and with a quality product for your customer.

Wyndham Building Permits guarantees a professional service to assist you in meeting your customer needs. As a valued client, you are assured of responsive turnaround times throughout the life of your building project. This includes all initial enquiries, lodgement of application, inspections and final certificates.

Wyndham Building Permits provides services and advice to builders, developers and architects wishing to undertake building projects throughout Victoria. This range of services includes the full scope of building permits and inspection services.

Wyndham Building Permits staff have the technical skills, expertise and industry knowledge to ensure the best result for your building project. Our staff have experience in commercial, industrial and domestic building projects in all classes of buildings.

Any building project involves a number of complex issues and a comprehensive understanding and interpretation of building codes and regulations. Wyndham Building Permits staff are recognised for their ability to work with project teams in achieving the best solution for any building project. This involves alternative solutions during both the design and construction stages of your project and assisting in the successful completion of your project.

Wyndham Building Permits is a quality provider of building approval services. Established as a business unit of Wyndham City, Wyndham Building Permits enjoys strong relationships with developers, builders, architects and government building authorities.

We believe excellent customer service involves responding to our client needs; staying abreast of codes and regulations; a commitment to industry best practice; and quick response times during all stages of the building approval process. This is supported by our commitment to continuous improvement and separates us from other service providers in this area.

As a builder, developer or architect Wyndham Building Permits can assist with technical advice during the development, permit and construction phases of your project. You are invited to consider how Wyndham Building Permits can work with you on your next building project.
