Community Spirit - Wendy Charles

For many people, living in the suburbs can be lonely, but not for Wendy Charles. Wendy is a great example of how getting involved and making a difference can improve quality of life for yourself and your community.

Wendy shares her quilting skills at Featherbrook Community Centre every Tuesday from 12 –4pm. She supports people seeking asylum and regularly steps up to support a neighbourhood need. She is also currently developing sensory cushions for the Point Cook Manor nursing home.

These beautiful items will be used to brighten communal areas and provide stimulation and trigger memories for residents experiencing dementia. We think Wendy is a wonderful asset to the Point Cook community and we hope others may get inspiration in how they can get involved, share and make a difference.

PLANTING AT CHEETHAM CREEK

Meeting here at Featherbrook Community Centre, the Point Cook Chinese Friendship Association carries out a wide range of activities for its members. For the last three years it has been involved with the Point Cook Open Spaces group, improving the native habitat on a section of the Cheetham Creek, adjacent to Hemsley Promenade in Point Cook.

Since 2017 around 1,200 tubestock plants have been planted each year, gradually replacing degraded habitat with indigenous species. This will increase the presence of native birds, insects and reptiles in the wetlands area. It will also help with urban cooling, and have a small but positive effect on global warming.

The Association members work well as a group, and generally take about an hour to plant the designated area each year. After the work is finished, we all gather around for a sausage and veggie- fritter sizzle on the BBQ, and have a chat about the day. It's a great way to help the environment, and to become involved in the community.

The planting program is carried out with the help of NatureWest, who control the money and give technical advice. During 2019 NatureWest has planted nearly 9,000 tubestock plants around Wyndham, all with the help of community groups. If you would like to involve your community group in similar activities in 2020, please contact Bruce Boddington, the Chair of NatureWest, on 9394 8385.

EDUARDO SALAZAR— KYOSADO MARTIAL ARTS

Congratulations to Eduardo for being featured in the Star Weekly newspaper!

What an inspiring story!

5 years ago Eduardo was in a motorcycle accident that left him with severe injuries. Doctors told him he would be bed bound for the rest of his life. But Eduardo didn't want to accept that prognosis.

He went through his hospital treatments but then also trained his mindset. He was able to sit in a wheelchair at first and a year ago he was able to leave the wheelchair and now walks with the help of a cane.

He was able to overcome physical limitations because he believes in the strength of the mind which was developed through his martial arts training.

Eduardo runs the Kyosado Korean Martial Arts program here at Featherbrook Community Centre on Wednesdays and Saturdays. Thanks for the inspiration!

SINGLE USE PLASTIC POLICY

On the 1st September, Wyndham Council introduced its plastic policy to eliminate single use plastic. This is important as we need to reduce the amount of waste generated. As a centre, we **no longer use** take away coffee cups or plastics such as plates, cutlery, balloons or straws as shown in the photo. We encourage all to bring a keep cup or to use our cups in the kitchen for the coffee machine and to wash and put them away after using. It is so important that we look after our environment and we thank everyone for their cooperation! **SAY NO TO SINGLE USE PLASTIC.**

Goodbye Meredith . .

A huge congratulations to Meredith and family on the safe arrival of their little girl, Ella Jayde!

We wish you all best Meredith and we will miss you here at Featherbrook!

Your contribution to the team and community has been highly valued.

We look forward to your return.

A community discussion for men, women,
parents, partners, teachers and coaches

Manhood, men, mates... me

“Bloke, strong, stable, quiet, provider,
breadwinner, protector...”

**What does it mean to be a man? What is a bloke?
Are we defined by our work? Our sport? Our
relationships? Is masculinity under threat?
Or are these old ideals stopping us from...**

Life is complex, relationships are complex, parenthood
is complex, men are complex and masculinity is too.

Please join us as we explore modern manhood, how
old and rigid masculinity limits men and boys, our
behaviours, expectations of self and success, and
all our relationships – ourselves, our partner,
our families and community.

Join us in a discussion led by experts as we together
explore a more diverse and inclusive understanding
of masculinity, asking questions and sharing thoughts
and experiences.
