

Abstract Art

Abstract art is art that does not try to look like something that is real but instead use shapes, colours, forms and gestural marks to achieve its effect.

Lets make some abstract art together!

Grab a blank sheet of paper and a black texta. Fill the paper up with lines. You can use a ruler and draw straight lines or draw swirly lines all over the paper.

Now you colour in each section. Try not to have the same colour in two joining sections. To make this more of a challenge only use three or four different colours.
