

Will it Float or Sink?

Grab some random objects from around your house. Get an adult to help you fill the sink or a bucket with some water. Have a guess if each object will float or sink when you place the object in the water. Fill out the table below. Objects you can try could be Lego pieces, a cup, a coin, peg, toy car, ball, spoon or pen. Make sure the object is waterproof before you place it in water.
