

Rainbow Lorikeet Craft

What you need:

- a few sheets of paper
- colouring supplies
- scissors
- glue

What to do:

1. Trace your hand on paper. I used 6 hand prints for my lorikeet. These will be the feathers.
2. Colour in the hand prints and cut out. Use different colours. Lorikeets have rainbow feathers.
3. Draw the head for the bird on a new piece of paper. Add in the body.
4. Colour in the head of the bird and then glue the hand prints to the body to make the feathers.
