

MAKE YOUR OWN POLAROID PHOTO FRAME

Polaroid pictures come with their own photo frame.

You can still have the look, even if you don't have a polaroid camera.

Print out the image from the next page, cut it out and make your own stylish photo frame.

Hang them up and decorate your room.

Instructions:

Print out the polaroid photo frame. Cut out the image and stick on to cardboard for stability. Or cut out your own cardboard frame.

Insert your own photo into the blank white space.

Put it on display.

Make one. Make as many as you like!
