

ABSTRACT LANDSCAPE

In this activity we are going to create an abstract landscape. Think big shapes and bright colours. I drew a house and trees with thick black lines and coloured them in very bright. You can draw whatever you want and use whatever colours you like! Maybe try a green sky or a red tree!

Have a look at some images on the next page for inspiration.

Show us what you have created by uploading your finished art to the [Kids Holiday Activities Gallery!](#)
