

Christmas Baubles

Baubles come in all colours, shapes and sizes and look great on a Christmas tree! We are going to make some with paper plates!

What you need:

- Paper plates
- Colouring supplies

What to do:

1. Colour in a Christmas design on a paper plate. You can use traditional Christmas colours like red, green and gold, or make it look modern with colours like blue and pink! What designs can you think of?
2. Have you completed the paper plate Christmas Wreath craft yet? Use the circle you cut out from the plate to make a smaller bauble!
3. Have a look at the bauble designs on the next pages. Print these out or use as inspiration to make your own to hang on the Christmas Tree!
4. Upload photos of your work to the [Kids Club Online Gallery](#).
