

Mini Sport Artwork

Make some sport themed artwork to display on your wall. These ones here are close ups of a basketball, soccer ball and football.

What you need:

- Paper or canvas. I used three pieces of A5 paper
- Paints and colouring supplies

What to do:

1. Decide on your design and how many you will do. Artwork looks good grouped together when they have a theme. Choose something you love.
2. I started with the soccer ball print. I drew the pattern on the ball close up.
3. Use paints, textas or pencils to create your artwork. Then take a photo for the [Kids Holiday Activity Gallery](#) so everyone can see.
