MAKE AN ICECREAM SODA

There's nothing more refreshing than an ice-cream soda on a hot day.

Why not try making one for yourself?

You can try different flavour options of ice-cream and fizzy soda in your creation

I like strawberry ice-cream and lemonade.

Equipment:

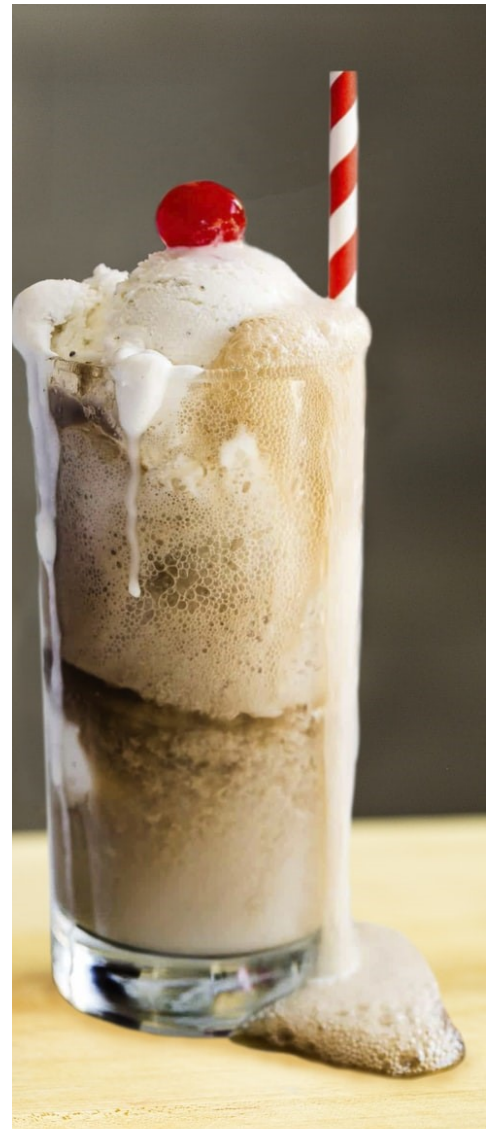

Tall glass, ice-cream scoop or spoon, paper straw

Ingredients:

Ice-cream, fizzy soda drink

Method:

Place two scoops of ice-cream into a tall glass. Pour fizzy soda into the glass. The soda will react with the ice-cream and make it all frothy. You will need to determine how much fizzy soda to pour into your glass so it doesn't spill over.

Write or draw your own Summer story. It could be a mystery story, a horror story, a magical story or a ghost story. Use the images below as a starting point and see what tales you can create. Which image could be the start of your narrative?
