

Lego Board Game!

The aim of this board game is to collect the most Lego bricks as you play your way across the board.

How to play:

1. Print the board game on the next page. If you do not have a printer you can draw your own on paper.
2. Grab your friends and family to play. Roll a dice and move a Lego brick across the board. You can use your own Lego bricks or print out/draw your own.
3. The winner is the player who makes it to the end with the most Lego bricks! Now each player has to build something with their Lego bricks.
4. What other board games can you make? Take photos and submit to the [Kids Club Online Gallery](#).

If you want to make your own dice, try drawing it out on paper with a ruler. Make sure each square is the same size. For example 5cmx5cm.
