

New Year Couplets

We are going to make some couplets to decorate your home with.

What you need:

- Red paper
- Black or gold textas or ink and brush

What to do:

1. Choose a happy new year blessing to write on the paper. I used four pieces of A4 paper for the two blessings. You can write the characters in black texta or try using ink and brush.
2. Draw a decorative border around the paper.
3. Take a photo and submit to the [Kids Club Online Gallery](#).
