

DINOSAUR TRICK PHOTOGRAPHY IN THE GARDEN

If you have any toy dinosaurs at home, you can create photographic scenes out in the garden.

You might even like to take a series of photos to tell a story. Use the garden locations to create a real backdrop for the dinosaurs. Get in close with your camera and make the dinosaurs look larger than they really are.

Pose the dinosaurs so that they look like they are interacting with everyday objects. You might even get other toys to interact with the dinosaurs.

Use some of the photos here as an inspiration.

Share your photos/creations with the
