

WILL IT SINK OR FLOAT GARDEN EXPERIMENT

Let's go outside and pick up some objects in the garden to see if they sink or float!

What to do:

1. Go outside and collect some things from your garden. I collected some little rocks, green leaves, brown leaves, bark, flowers, flower buds, sticks, a grape and seeds from trees.
2. Fill a bucket with some water.
3. Lay out all your objects. Write down what you think will happen. Will it sink or float? One at a time, place the objects in the water. Now write down if the object sunk or floated.

Object	What do you think it will do?	What happened?
	FLOAT OR SINK	FLOAT OR SINK
