

## CARDBOARD

### ROLL BABY YODA

Using a toilet paper roll and paper let's make a little Baby Yoda aka Grogu! Have a look at the Cardboard Roll Mandalorian activity sheet too!

#### What you need:

- Cardboard roll
- Paper
- Colouring supplies
- Glue or sticky tape

#### What to do:

1. Draw Grogu's face on paper. Colour in and cut out. Make the face bigger than the end of the roll. Cut about a quarter of the roll off. Grogu is a 50 year old baby so make the roll smaller.
2. You can colour in Grogu's robe directly onto the roll or use paper. I used red paper and coloured in the edges and down the middle brown. Roll the paper around the roll and use glue or tape to stick it together.
3. Make Grogu's arms by rolling up two smaller bits of paper around a pencil. I used tape to hold it together and to attach to the roll.

4. Draw two little hands and two feet. Cut out and stick the hands just inside Grogu's arms. Stick the feet just inside the bottom of the roll.
5. Stick the head to the top of the roll.
6. Take a photo for the [Kids Club Online Gallery!](#)
