

Cardboard Roll Race Car

Paper rolls (from toilet paper and paper towel) are great to use in craft. Make sure you save them and add to your [Recycled Junk Craft Box.](#)

What you need:

- Paper roll
- Paper
- Colouring supplies
- Scissors
- Sticky tape

What to do:

1. About half way down the roll draw a square shape and carefully cut three of the edges to make a flap. You will need to very carefully poke the scissors in to begin cutting.
2. Colour in the roll. I painted mine orange and added stripes. If you use paint make sure you wait for it to dry.
3. On the paper, draw and colour in 4 wheels. Cut them out. Stick them on the side of the car.
4. Show us your race car on the [Kids Club Online Gallery.](#)
