

# Cookie Monster!

## What you need:

- Paper plate
- Cardboard roll
- White paper
- Colouring supplies
- Sticky tape

## What to do:

1. Colour in the paper plate. This is the mouth of the monster so colour in both sides.
2. Colour in the cardboard roll.
3. Draw two eyes on paper that are a little bit bigger than the end of the cardboard roll. Draw a cookie on paper. Cut these out and cut the roll in half.
4. Using tape, stick the eyes on the rolls. Fold the paper plate in half. Then stick the rolls onto the top of the paper plate. Stick the cookie inside the mouth.
5. You can make the monster eat the cookie by placing your fingers inside the rolls and your thumb underneath the plate. Show us a picture on the [Kids Club Online Gallery!](#)
