**What to do:**

- Pour out some paint out onto your newspaper or scrap paper, creating a colourful design. Make sure the paint is pretty thick.
- Once you have the design or colours you like on your paper, dip a flat side of your rock into the paint to transfer your design.
- **Messy part, ask for an adult's help**
- Using a paintbrush, fill in any gaps.
- Set aside to dry.
- Repeat with new rocks, see how many different designs you can create.
