

# GLITTER JAR

## What you need:

- Clean, dry bottle
- Glitter/sequins
- Clear craft glue ( or PVA glue if you can't find clear glue)
- Water

## What to do:

1. Fill the bottle half way with water.
2. Add in some glue and a lot of glitter and sequins and give it a good mix.
3. Fill the rest of the bottle up with water and screw the cap on very tight.
4. Give the bottle a shake! What happens? Show us a picture on the [Kids Club Online Gallery](#).
