

DRESS UP FOR HALLOWEEN

Do you like Halloween?

Do you like to dress up?

Then dressing up and celebrating Halloween is for you.

Would you like to be a skeleton, a witch, a black cat, a vampire, a ghost, a werewolf or a zombie? What about a Halloween book character? How about a non-scary character?

You can create your own costume at home using items from around the house. Just make sure to ask first before you use something.

You might use fabric, an old sheet, old towels, fabric markers, paint, stickers, cardboard, ribbon, foam, or old clothes such as shorts, leggings or a t-shirt. You might make a mask, a hat or wear a themed t-shirt.

Maybe you have a costume already—so you might like to wear that.

You can even get creative with makeup, wigs and props.

Maybe other members of the family would like to get involved and dress up too!

If you would like to, you can submit a photo of yourself in your costume to our [Kids Club Online Gallery](#).
