

Pasta Flowers

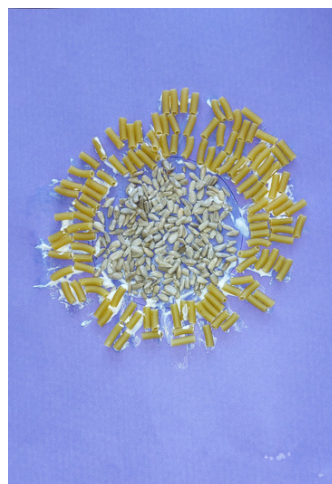

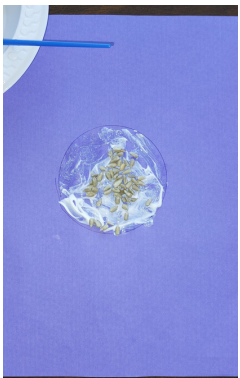

What you need:

- Dried pasta
- Sunflower seeds
- Glue (PVA would be best)
- Pipe cleaner
- Paper
- Pencils
- Newspaper to lay under your work

What to do:

- Draw a circle on your paper, this will be the middle of your flower.
- Start sticking your sunflower seeds in the circle.
- Once your circle is full, start sticking your dried pasta around it to make petals on your flower.
- Stick one pipe cleaner straight down, this will be the stem.
- Bend another pipe cleaner into a leaf shape and stick that down.
- If you want, you can create smaller flowers on the page.
