

# PENCIL ERASER GHOSTS

## What you need:

- Paper
- Paint
- Pencil - needs rubber on the end
- Newspaper \*will get messy
- Printer (optional)
- Pencils or textas
- Scissors
- Glu-Tac or Tape

## What to do:

- Print the attached page with the ghosts on it, and cut them out. Or draw your own ghosts on a piece of paper and cut them out.
- Hold your ghost in place, with some blu-tac or tape.
- Using the rubber end of your pencil, dip it into your paint colour of choice, dot around the outline of your ghost, making sure to cover the whole outline, continue dotting until all paint is gone from your eraser before you dip into the paint again.
- Continue dotting, working away from the outline, you can use multiple colours.
- Remove your stuck down ghost.
- You can try this with other shapes, try bats, spiders or pumpkins.
