

Fingerprints Christmas Card

What you need:

- Paper
- Paint
- Pencils
- Scissors

What to do:

- Draw and cut out a Christmas tree design
- Fold your A4 paper in half width ways.
- Place your tree design in the centre of the front fold
- Using your fingers dip them into paint and create fingerprints around your tree shape.
- You can use different colours. Once done remove the tree from the paper, you should now have an empty space where the tree was.
- Write Merry Chirstmas in the centre of your tree.
- Once paint is dry, write inside your card.
- You can do this with other designs on the front, like stars, Christmas stocking, a sleigh or even Santa himself, make as many as you like see how many different design you can make.
