

ORIGAMI

SANTA

What you need:

- Red and white paper
- Pencils/textas
- Glue
- Pom pom
- Scissors

What to do:

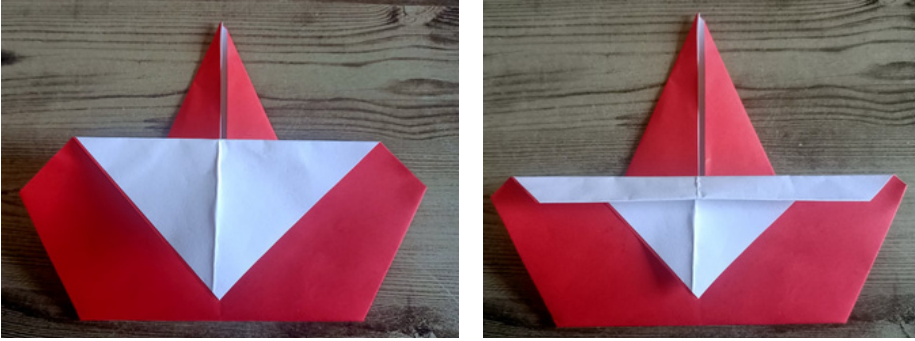

1. To make this Santa, you need a square piece of paper that is white on one side, and red on the other. Glue the paper together (or colour one side in red if you don't have red paper) then fold one corner down so it looks like the image and cut along the edge. Now you have a square.

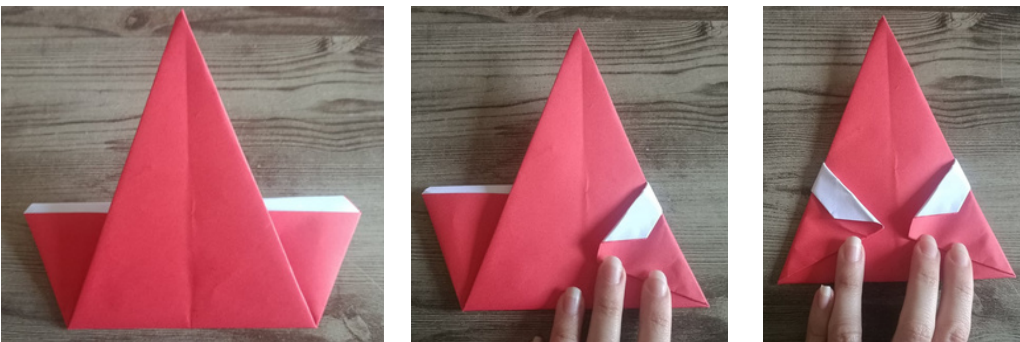

2. Have the square white side facing up. Fold two edges into the middle to make a kite shape. Fold the bottom edge up so the two points meet.

3. Fold one edge down so the white tip sits just above the bottom. Then fold the straight edge down a little, so it looks like the image.

4. Turn the paper over. Fold the outside edges in so you have a triangle. Turn the paper over again. Draw a face on Santa and glue a pom pom to the top of his hat.
