

PAPER ROLL REINDEER

What you need:

- Paper roll
- Pencils/textas
- Pom Pom
- Pipe cleaner
- Craft glue
- Googly eyes

What to do:

1. Glue the eyes onto the roll. Glue the pom pom for the nose and draw a mouth.
2. Cut the pipe cleaner and bend it, then glue to the top inside of the roll for the antlers.
3. Another option is to draw the reindeer's face on the roll. Then draw antlers on paper, cut them out and glue to the top inside of the roll.
4. If you have a lot of paper rolls at home, make many reindeer and Santa! What else can you create?
