

PAPER ROLL

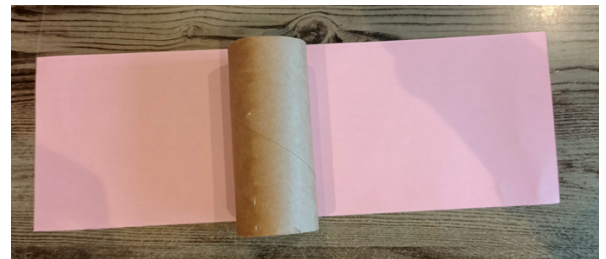

UNICORN

What you need:

- Paper roll
- Colour paper
- Pencils/textas
- Wool or ribbon
- Glue
- Sticky tape
- Scissors

What to do:

1. Cover the paper roll in coloured paper, or colour the roll in. This will be the body of the unicorn.
2. Draw a face for your unicorn.
3. To make the horn, draw a triangle on paper, cut out and stick the end inside the top part of the paper roll.
4. To make the tail, cut strands of wool or ribbon to the same length, tie them all together into a knot and use glue or sticky tape to attach to the bottom of the unicorn.
5. Cut smaller lengths of wool or ribbon for the unicorn's mane. Stick this inside the top, where the horn is.
