

Pipe Cleaner Wreath

What you need:

- Pipe cleaners. I used four different colours.

What to do:

1. Using two pipe cleaners, twist them together so they look like the picture. Do the same with the other pipe cleaners.
2. Now twist these two pipe cleaners together to make a circle shape then twist the ends together.
3. Hang your wreath up to admire!
Want to try something harder?
Give the Beaded Wreath a go!
Take a photo and submit to the [Kids Club Online Gallery](#).
