

Straw Friendship Bracelets

What you need:

- Straws
- Scissors
- String, thread or pipe cleaners
- Beads

What to do:

- Cut your straws in smaller pieces, around 1cm each in length
- Cut a piece of string just a little longer than your wrist.
- Start threading on your straw pieces and beads, alternating between straw and bead.
- Once you have almost filled your string with straws and beads, tie a knot in it.
- Cut the excess string off.
