

TIGER PENCIL HOLDER

What you need:

- A few paper rolls or clean, dry cans
- Pencils/textas or paint
- Paper
- Cardboard
- Glue

What to do:

1. You can cover the paper rolls or cans in paper and draw on tiger stripes.
2. If using paper rolls for the tiger, you will need to seal up one end so the pencils do not fall through when you use it as a pencil holder. You can glue or tape the rolls onto a strip of cardboard. I save old cereal boxes and tissue boxes to use as cardboard in craft projects.
3. Glue the rolls together to make the tiger's body.
4. Draw a head and tail on paper, cut out and stick these on. Draw on the tiger's legs.
5. Now you can set up your tiger pencil holder and fill it with pencils and textas.
6. Show us a picture on the [Kids Club Online Gallery](#).
