

CARDBOARD ROLL SHADOW PUPPETS

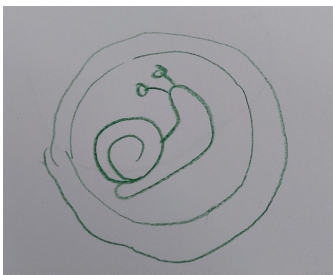

What you need:

- Empty cardboard rolls
- Paper
- Pencils
- Scissors
- Tape
- Flashlight or a flashlight on your phone

What to do:

- On a piece of paper, trace a circle around the end of your cardboard roll. You want the circle to be bigger than the end of the tube. Then trace a circle the exact size of the tube within that circle.
- Inside your circle, draw an animal.
- Carefully cut out the centre of the animal.
- Colour in your cardboard roll with any design you like.
- Using tape stick your circle to the bottom of the roll.
- Shine your flashlight through the roll and point it against the wall.
