

Make a Pinwheel

Use the power of the wind to make your Pinwheel craft turn.

You will need:

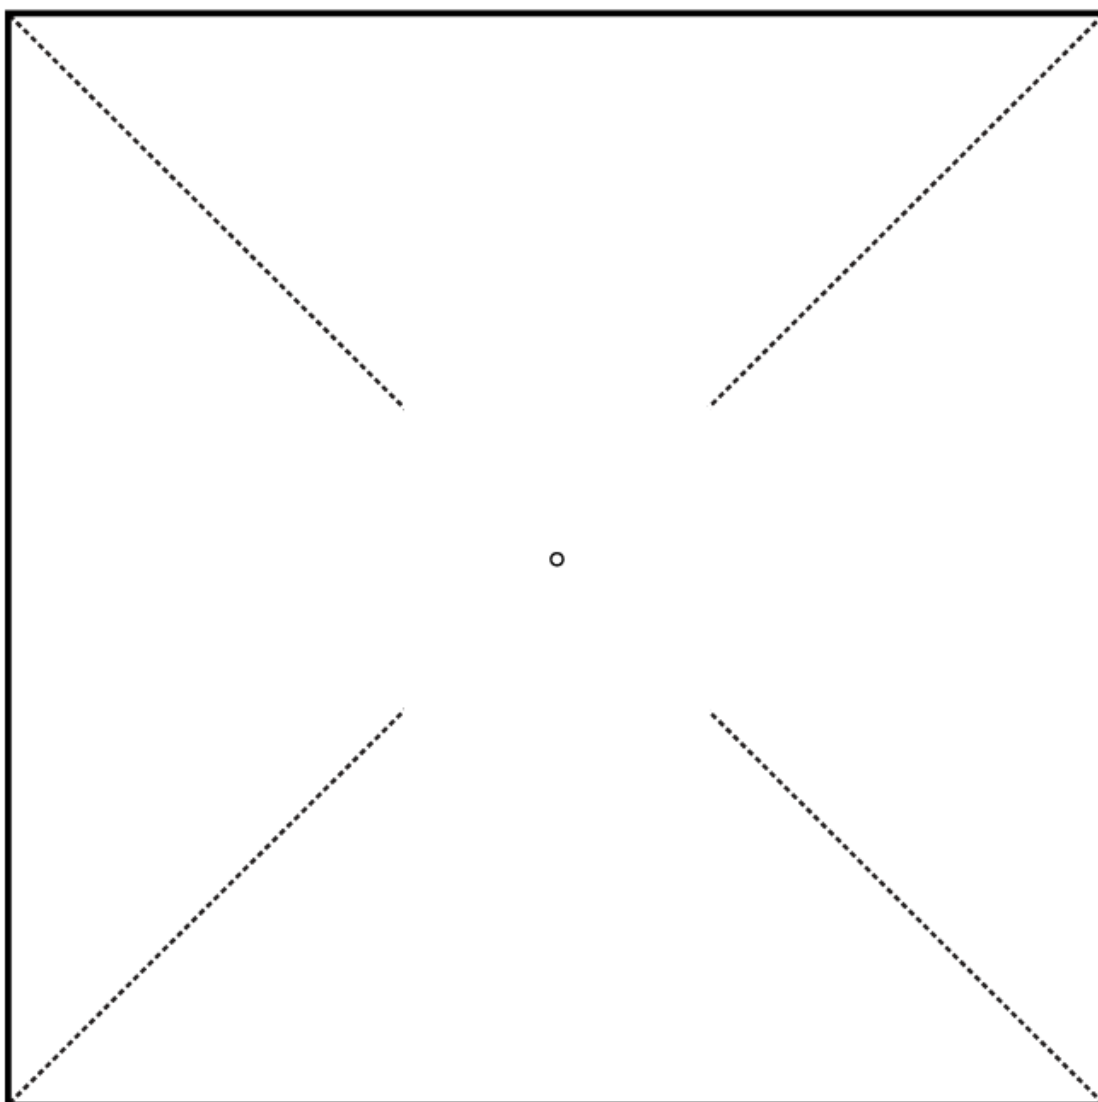

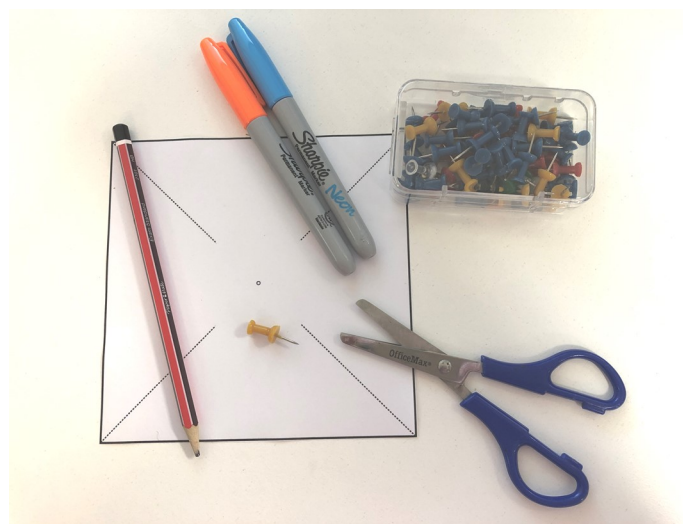

Pinwheel template—see over

A wooden pencil

A push pin

Scissors

Colouring pencils, crayons, or textas

Make a Pinwheel

Kid

- Cut around the template and cut along the dotted lines.
- Decorate your pinwheel. Colours and shapes.
- Fold one corner from every second cut into the centre but keep a curved edge. Do not fold flat.
- Poke pushpin through the centre to hold all the edges in the centre in place.
- Poke pushpin into pencil.
- Test pinwheel to see if it turns around, either make pushpin tighter or loosen as required.
