

Moon and Stars Mobile

What you need:

- Thick paper
- Paint
- Scissors
- Cardboard
- String or ribbon

What to do:

- Print the following page or draw your own moon and stars.
- Place dots of paint above each star and the moon.
- Use a thick piece of card to scrape the paint across the shape.
- Hold the card flat against the surface of the printable and pull it across, dragging the paint along.
- Wipe off any excess paint from the small piece of card, and repeat the scraping as much as needed to fill each shape.
- Once the paint has dried, cut out each star and the crescent moon.
- Fasten each star and the moon to a string or ribbon, using glue or sticky tape, and hang up your mobile.
