

# Photographs with Pokemon

If you have any Pokemon plushies or figurines at home, you can use them to create scenes either inside the house or out in the garden. Then you can photograph them.

You might even take a series of photos to tell a story. Use some of the photos here as an inspiration. You might even get other toys to interact with the Pokemon.

Use the garden locations to create a real backdrop for the Pokemon. Get in close with your camera and make the figurines larger than they really are.
