

# Balloon Car

## What you need:

- Balloon
- Straws
- Cardboard
- Tape
- Skewers

## What to do:

- Cut a rectangle out of cardboard.
- Cut out 4 of the same circles from cardboard to create wheels.
- Cut 2 straws down to the size on your rectangle .
- Stick them down with tape.
- Poke holes in the middle of the wheels.
- Using the skewers, poke holes
- Thread the skewers through the straws.
- Tape 1 balloon to the end of 1 straw.
- On the top side of the cardboard triangle, tape down the straw with the balloon.
- Blow up the balloon, by blowing into the straw.
- Place the car on the ground and let it go.
