

DECORATE A VAN

During the 1960s, it was considered very cool to decorate your van with colour, flowers and peace signs. During the 1980s, vans were decorated with graffiti and street art.

Use the template on the next page to decorate your own van. You might choose colour, or black and white.

You might choose hippie symbols or street art. It's your choice.

Share your design at the [Kids Club Online Gallery](#)
