

# Fairy House

## What you need:

- Paper roll
- Paper plate
- Scissors
- Glue/sticky tape
- Pencils/textas
- Something to decorate the fairy house with, like colour paper, gems and stickers.

## What to do:

1. Decorate the paper roll so it looks like a fairy house.  
I covered mine in paper and drew on a door and windows.
2. Cut a circle of paper to be the roof.

3. Decorate the paper plate to make a fairy garden. I used coloured paper to make grass and a creek. Add stickers and gems to finish the garden.
4. Sit the fairy house on the fairy garden.
