

Garden Pebble Art

Do you have pebbles in your garden? Pebbles make great decorations for the garden because they have amazing shapes, colours and textures.

To make your pebbles stand out amongst the plants, you can paint the pebbles to look like animals or creatures, or you could even write messages on them.

You can use textas, crayons or pencils to decorate the pebbles with patterns.

Start by looking at the following page for inspiration.

Next find your pebbles, gather your art supplies and get creating.

You may like to share your creation on the [Kids Club Online Gallery](#).

Which images inspire you?
