

# Paper Snail

## What you need:

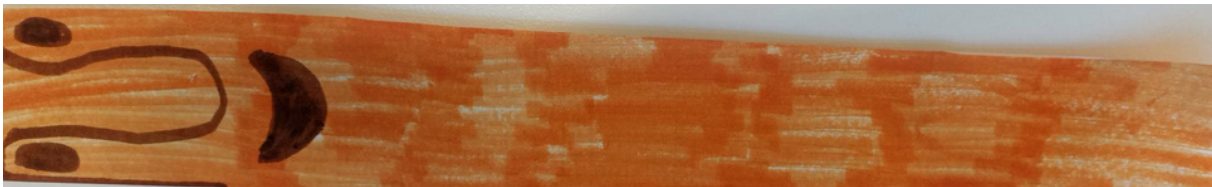

- Glue
- Scissors
- A4 Paper
- Pencils/textas

## What to do:

1. Draw a leaf on paper and cut it out.
2. Colour in half of the paper to make the snail's body. Cut these out.

3. Fold the snail's body in half longways and glue together. On one end, draw the antenna and a face. Cut around the antenna.

4. Roll up the snail's body. Stick the body onto the leaf.
