

# Design and decorate winter gloves and mittens

It can be very cold in winter. Do you wear gloves or mittens when you head outside in the winter? You might even wear fingerless gloves.

Gloves and mittens can come in various shapes and designs. They might have stripes, like the colours of your favourite sports team. They might have zigzags, pom-poms, fur or even images.

On the next pages, you will find two templates. One for mittens and one for gloves.

Design and colour your own mittens and gloves.

Think winter patterns, shapes and colours. The choice is yours.

You may like to share your creation on the

[Kids Holiday Activities Gallery](#).
