

Rainbow Popsicle Sticks

What you need:

- Paper
- Textas
- 7 Popsicle Sticks
- Glue
- Googly eyes
- Scissors

What to do:

- Draw a cloud on a piece of paper and cut it out.
- Glue googly eyes in the centre of the cloud or draw on eyes. Draw on a nose and mouth.
- Colour each popsicle stick a different colour of the rainbow -Red, Orange, Yellow, Green, Blue, Indigo and Purple.
- Arrange the popsicle sticks on the table so the red is the largest and then they progressively get smaller in length as the colours go on. With the purple being the smallest.
- Glue the cloud on top of the popsicle sticks so all sticks stay close together and the rainbow is popping out of the bottom of the cloud.
