

POINT COOK COMMUNITY LEARNING CENTRE

Council works to ensure activities in community centres meet local needs and interests. With projected growth in population in the coming years, we are focused on reaching out to new residents and communities who we haven't met yet. Priorities for activities have been developed for each community centre based on local demographic data, what residents have told us is important to them along with an assessment of current activities. This fact sheet provides an overview of all this information and the related local priorities.
