

# HOW TO MAKE CHOCOLATE CRACKLES

Chocolate Crackles make me very happy. They remind me of kids parties and having fun. Why not make some chocolate crackles and share them with your friends.

## Ingredients:

250g (1 block) Copha  
4 cups rice bubbles  
1 cup icing sugar sifted  
3 tablespoons cocoa  
1 cup desiccated coconut\*  
12 paper patty pan containers

\*I did not use desiccated coconut in my recipe because I don't like the taste.

## Method:

Mix all dry ingredients in bowl.

Melt Copha in a saucepan on low heat or in a microwave oven.

Mix rice bubbles, icing sugar, coconut and melted copha in a bowl until all ingredients are combined.

Spoon mixture evenly into 12 paper patty pan containers. Then set in the fridge to cool.
