

# Drinking straw pan flute

## What you need:

- 8 drinking straws
- Scissors
- Ruler
- Marker
- Tape

## What to do:

Measure, mark and cut the straws so that you have one straw in each of the following lengths:

Straw 1 = 19.5 cm

Straw 2 = 17.0 cm

Straw 3 = 15.5 cm

Straw 4 = 14.5 cm

Straw 5 = 13.0 cm

Straw 6 = 11.5 cm

Straw 7 = 10.0 cm

Straw 8 = 9.5 cm

Keep the leftover bits to use as spacers.

Show us a photo on the [Kids Creations Gallery!](#)

Line up the straws from longest to shortest with the spacers in between.

Tape the straws together and decorate!

If you want you can number the straws from 1-8 (longest to shortest) and try playing these songs. Can you guess what they are?
