

Surreal Creatures - Drawing Game

A fun and easy game that you can play anywhere. All you need is 2 or more players, a blank piece of paper for each player and something to draw with.

How to Play:

- Fold your piece of paper into 3 equal parts .
- Draw a head in the top section of the page (making sure the other players don't see). Leave lines for the neck so that the next player knows where to draw the body. Fold the piece of paper, making sure to keep your picture hidden and pass it on to the next player.
- Draw a body, leaving lines for legs. Fold the piece of paper over and pass it to the next player.
- Finally draw the legs and pass the piece of paper to the next player.
- Unfold the piece of paper to reveal your surreal creature!

Tip: This game is most fun when it's quick! Draw what first comes to mind and don't spend too much time perfecting your picture.
